Dear Parent, Guardian, Past student & wider community,

Thank you for showing an interest in contributing to the regeneration of Turton School to enhance the development of both property and student curriculum. We need to take urgent action to help build a new 'Multi-Function Teaching Classroom, but our Eco-Build will also incorporate key study elements of Science, Maths, Computing and Design Technology.

Please join us in leaving a legacy for Turton, the School we love, by placing your name, or that of a relative that was part of the Turton family on the commemorative wall.

Kind Regards

Sharon Wyre

Turton School was built in 1954 with a commitment to provide the local community with a secondary education establishment, complete with modern buildings to enhance learning in all subjects. Over the years we have had to build and develop to meet the high demands of progressive education and ever changing numbers of students.

We have tried to meet the demands of repairs and new structures but this is becoming increasingly difficult and therefore we are asking for help from our supporters, we aim to install a new multi functional Eco-classroom raising funds through our 'Buy A Brick' Appeal.

Help us to build a new Eco Friendly Multi-Function Classroom.

Two of our current classrooms are in a very old and dilapidated temporary building. We would like to build an eco friendly multi-function classroom. Our students can be part of the sustainability knowledge process and with a host of applications can link into areas of the school's curriculum such as science and maths utilising the extensive range of Eco options to produce data statistics for study and analysing.

We estimate that we need £150,000 and hope to raise this money with our 'Buy A Block' Appeal. Each block purchased for £35/£60 will be inscribed with your name/message. We hope that the wall will provide a lasting tribute to those who have made donations to the School. The blocks will be displayed on the thoroughfare of the Sports Centre corridor utilising the space most used by the public, students, parents and staff.

We intend to have black lettering to represent the students and gold text will be used for any inspirational quotes.
