Dear Parent,

School Consent and Indemnity Form

To ensure the safety and security of your child we require your consent for certain activities that your child may take part in. We also require consent to use media images for publicity purposes. Please fill in the attached forms with the relevant consents. Please be aware that there is no requirement to consent to each of these and that should you consent, this can be withdrawn at any time.

Please note the following important information before completing the attached form:

- The trips and activities covered by the consent form include:-
 - Off-site sporting activities outside the school day.
 - Any visit within the UK that is not residential.
 - Any visit within the UK that is not deemed to involve hazardous activities.
- The school will still send you information about each trip or activity before it takes place.
- You can, if you wish, tell the school that you do not want your child to take part in any particular school trip or activity.
- If your child is involved in a trip or activity that involves residential, hazardous activities or is going abroad then you will be asked to provide more detailed information and consent.
- There are a number of occasions when pupils will be taking part in a school activity which may be filmed or photographed for use in connection with lessons or in association with school publicity or publications. Parents will understand the sensitivity of this issue and the need to protect the interests of all of our students. In line with this we are asking you to sign this consent form which relates only to official school activities.
- Our Parents' Association runs fundraising events. We advertise these events via emails to parents. Email addresses will not be used for any other third party activity.

Yours sincerely
