Statement of intent

Turton School is committed to maintaining the confidentiality of its information and ensuring that all records within the school are only accessible to the appropriate individuals. In line with the requirements of the UK GDPR, the school also has a responsibility to ensure that all records are only kept for as long as is necessary to fulfil the purpose(s) for which they were intended.

The school has created this policy to outline how records are stored, accessed, monitored, retained and disposed of to meet the school's statutory requirements. This document complies with the requirements set out in the UK GDPR and Data Protection Act 2018.

1. LEGAL FRAMEWORK

This policy has due regard to legislation including, but not limited to, the following:

- UK General Data Protection Regulation (GDPR)
- EU GDPR
- Freedom of Information Act 2000
- Limitation Act 1980 (as amended by the Limitation Amendment Act 1980)
- Data Protection Act 2018

This policy also has due regard to the following guidance:

- DfE (2023) 'Data protection in schools'
- DfE (2018) 'Data protection: a toolkit for schools'
- DfE (2023) 'Careers guidance and access for education and training providers'
- Information Records Management Society (IRMS) (2019) 'Information Management Toolkit for Schools'
- IRMS (2019) 'Academies Toolkit'
- ICO (2023) 'How do we document our processing activities?'
- ICO (2023) 'Controllers checklist'

This policy will be implemented in accordance with the following school policies and procedures:

- Data Protection Policy
- Cyber-security Policy

2. ROLES AND RESPONSIBILITIES

The whole school has a responsibility for maintaining its records and record-keeping systems in line with statutory requirements.

The headteacher will hold the overall responsibility for this policy and for ensuring it is implemented correctly.

The DPO will be responsible for:

- The management of records at the school.
- Promoting compliance with this policy and reviewing the policy on a three yearly basis, in conjunction with the headteacher.
- Ensuring that all records are stored securely, in accordance with the retention periods outlined in this policy, and are disposed of safely and correctly.

All staff members will be responsible for ensuring that any records they are responsible for (including emails) are accurate, maintained securely and disposed of correctly, in line with the provisions of this policy.

Staff will be responsible for ensuring that when pupils use personal data for projects or coursework, they do so appropriately. This includes being compliant when storing personal data.

3. MANAGEMENT OF PUPIL RECORDS

Pupil records are specific documents that are used throughout a pupil's time in the education system – they are passed to each school that a pupil attends and include all

personal information relating to them, e.g. date of birth, home address, as well as their progress and achievements.

The following information is stored electronically and will be easily accessible:

- Forename, surname, and date of birth
- Unique pupil number
- Note of the date when the file was opened
- Any preferred names
- Emergency contact details and the name of the pupil's doctor
- Any allergies or other medical conditions that are important to be aware of
- Names of people with parental responsibility, including their home address(es) and telephone number(s)
- Any other agency involvement, e.g. speech and language therapist
- Reference to any other linked files
- Details of any SEND
- Annual written reports to parents
- Notes relating to major incidents and accidents involving the pupil
- Any information about an EHC plan and support offered in relation to the EHC plan
- Medical information relevant to the pupil's on-going education and behaviour
- Any notes indicating child protection disclosures and reports
- Any information relating to exclusions
- Any correspondence with parents or external agencies relating to major issues, e.g. mental health
- Records of complaints made by parents or the pupil
- Attendance registers and information
- Parental and, where appropriate, pupil consent forms for educational visits, photographs and videos, etc.
- Accident forms
- Consent to administer medication and administration records
- Correspondence with parents about minor issues, e.g. behaviour
- Pupil work

Disclosures and reports relating to child protection are stored on cpoms.

Copies of complaints made by parents or pupils are electronically stored by the headteacher's PA.

The school will ensure that no pupil records are altered or amended before transferring them to the next school that the pupil will attend. The only exception is if any records for a pupil have a shorter retention period and may need to be removed. In such cases, the DPO will remove these records.

Electronic records relating to a pupil's record will also be transferred to the pupils' next school.

In circumstances where an Independent Inquiry into Child Sexual Abuse (IICSA) is ongoing, any records relating to the IICSA will be subject to a separate indication of the appropriate retention periods. The school will never destroy any records relating to an IICSA whilst the inquiry is ongoing and will abide by the appropriate retention periods.

If any pupil attends the school until statutory school leaving age, the school will keep the pupil's records until the pupil reaches the age of 25 years.

The school will, wherever possible, avoid sending a pupil record by post. Where a pupil record must be sent by post, it will be sent by registered post, with an accompanying list of the files included. The school it is sent to is required to sign a copy of the list to indicate that they have received the files and return this to the school.

4. RETENTION OF PUPIL RECORDS AND OTHER PUPIL-RELATED INFORMATION

11. RETENTION OF EMAILS

All staff members with an email account will be responsible for managing their inbox. Emails can act as evidence of the school's activities, i.e. in business and fulfilling statutory duties, so all relevant emails, e.g. invoices, will be retained for at least 12 months. Invoices received and sent in emails will be stored in Mstore and retained in accordance with Section 8 of this policy.

Personal emails, i.e. emails that do not relate to work matters or are from family members, will be deleted as soon as they are no longer needed.

Staff members will not, under any circumstances, create their own email archives, e.g. saving emails on to personal hard drives. Staff members will be aware that the emails they send could be required to fulfil a SAR or freedom of information (FOI) request. Emails will be drafted carefully, and staff members will review the content before sending.

Individuals, including children, have the right to submit an SAR to gain access to their personal data to verify the lawfulness of the processing – this includes accessing emails. All SARs will be handled in accordance with the school's Data Protection Policy

12. IDENTIFYING INFORMATION

Under the UK GDPR, all individuals have the right to data minimisation and data protection by design and default – as the data controller, the school ensures appropriate measures are in place for individuals to exercise this right.

Wherever possible, the school uses pseudonymisation, also known as the 'blurring technique', to reduce the risk of identification.

Once an individual has left the school, if identifiers such as names and dates of birth are no longer required, these are removed or less specific personal data is used, e.g. the month of birth rather than specific date – the data is blurred slightly.

Where data is required to be retained over time, e.g. attendance data, the school removes any personal data not required and keeps only the data needed – in this example, the statistics of attendance rather than personal information.

13. STORING AND PROTECTING INFORMATION

All staff members implement a 'clear desk policy' to avoid unauthorised access to physical records containing sensitive or personal information. All confidential information is stored in a securely locked filing cabinet, drawer or safe with restricted access.

All systems that allow staff to remotely access information from the school's network whilst they are not physically at the school have strong security controls in place which are reviewed by the IT Technician.

The DPO decides what restrictions are necessary to prevent information or records being downloaded, transferred or printed while the user is not on the school site.

The school takes its duties under the UK GDPR seriously and any unauthorised disclosures may result in disciplinary action.

The DPO is responsible for ensuring continuity and recovery measures are in place to ensure the security of protected data. Any damage to or theft of data will be managed in accordance with the school's IT disaster plan.

14. DISPOSAL OF DATA

Where disposal of information is outlined as standard disposal, this will be recycled appropriate to the form of the information, e.g. paper recycling, electronic recycling. All records containing personal or sensitive information will be made either unreadable or unreconstructable.

Where disposal of information is outlined as secure disposal, this will be shredded or pulped. Electronic information will be scrubbed clean and, where possible, cut, archived or digitalised.

Where information must be kept permanently, this information is exempt from the normal review procedures.

Records and information that might be of relevant to the Independent Inquiry into Child Sexual Abuse (IICSA) will not be disposed of or destroyed.

15. SCHOOL CLOSURES AND RECORD KEEPING

Academy conversion

If the school closes and subsequently becomes an academy, all records relating to pupils who are transferring to the academy will be transferred.

If the school will retain the existing building when it converts to an academy, all records relating to the management of the buildings will be transferred.

All other records created and managed when the school was part of the LA will become the responsibility of the LA.

Sale or re-use of the site

If the school site is being sold or re-allocated to another use, the LA will take responsibility for the records from the date the school closes.

Merger of schools

If the school merges with another school to create one school, the new school will be responsible for retaining all current records originating from the former schools.

The DPO will determine the outcome of each group of records; these outcomes are as follows:

- Securely destroy all records that are expired and due for disposal, in accordance with the retention periods outlined in this policy.
- Transfer to the successor school or academy all records that are current and that will be required by the new school or academy.
- Transfer to the LA all records that are dormant but still need to be retained to comply with legal and business retention requirements.
- Transfer to the local record office any records with historical value.

Managing records

The DPO will identify which records need to be destroyed or transferred to the relevant body – they will allocate personnel as necessary to sort through records.

The DPO will notify the other organisations as soon as possible so that necessary disposal, storage and transfer arrangements can be made. The school's ICT provider will also be notified so that arrangements can be made to ensure the safe transfer or deletion of electronic records, including all back-up copies.

When sorting records, the DPO and their team will:

- Review all records held within the school as soon as notification of closure is received, including paper and electronic records.
- Use the retention periods outlined in this policy to categorise the records into those to be destroyed and those that need to be transferred.
- Contact the relevant body to make arrangements for the safe and secure transfer of records.
- Sort, list and box the records in preparation for the transfer, ensuring records are stored in a safe environment whilst awaiting collection.
- Plan how the disposal of records will be undertaken.

- Sort expired records in readiness for confidential disposal, ensuring they are stored securely whilst awaiting disposal.

All forms of storage will be completely emptied before the building is vacated or before disposal. Records awaiting transfer will be held in a secure area. The identity of any third parties collecting or disposing of records will be checked and a collection receipt will be obtained.

Records will be disposed of in line with the '[Disposal of data](#)' section of this policy. Electronic records will be either transferred to the new body or deleted. All ICT equipment will be decommissioned in accordance with the school's ICT Acceptable Use Policy. No records will be left behind once the school building is vacated.
